COLONEL REFUSES TO EAT WITH LORIMER

(Associated Press Cable.)
CHICAGO, Sept. 8.—Col. Roosevelt has refused to attend a banquet planned in his honor by the representative men of this city. If the list of guests includes United States Senator Lorimer.

The incident of Col. Roosevelt's refusal became public today. The committee in charge had communicated with Mr. Roosevelt and he had accepted the courtesy planned, but made his acceptance conditional on the absence of Senator Lorimer from the list of guests.

The committee, out of consideration for Mr. Roosevelt, withdrew the invitation that had already been extended to the United States Senator. Lorimer is charged with having purchased votes in the Illinois Legislature to secure his election as United States Senator. While no criminal charge has been fastened directly upon the Senator, the legislators involved are under indictment.

FOR BALDWIN

(Associated Press Cable.)
NEW HAVEN, Conn., Sept. 8.—The Democratic convention today nominated Judge Simon Baldwin as candidate for Governor. He has been chief justice of the Court of Errors since 1907.

CONDITION OF FINANCES GOOD

The Waterworks Department Shows Balance on Right Side.

Total receipts from the waterworks department of the city for the last fiscal year were \$134,377.82, and the expenditures for the year, including interest on bonds and bond retirement, were \$114,765.28, making the purely operating expenses of the department approximately \$60,000, as the amount expended for interest and retirement of bonds was \$34,342.68.

For permanent improvements during the year there was expended \$34,078, and from the sewer department there was transferred the sum of \$14,489.92, to make up the difference of expenditures over receipts in the waterworks department.

Such is the statement submitted by the Superintendent of Public Works to Governor Frear in his annual report recently.

According to these figures the department took in about \$20,000 more than the actual running expenses of the department during the year.

ORDER REPEAL OF FOURTEENTH.

(Associated Press Cable.)
AUSTIN, Tex., Sept. 8.—The Texas Assembly voted today to instruct the Congressmen of the State to work for the repeal of the Fourteenth Amendment to the Constitution. This is the amendment that protects the negro in his rights of citizenship.

Two chauffeurs, named Wilson and Bradford, started to mix things on Hotel street about 1:30 this afternoon. Wilson was arrested and charged with assault and battery.

THETIS RETURNS FROM SCOUT VOYAGE

Found No Recent Evidences of Poachers on the Bird and Guano Islands.

GOOD WEATHER ALL THROUGH VOYAGE

Visits Midway and Leaves Operator to Fill Vacancy Caused By Death Which Took Place Recently.

Although many days were spent in making a thorough search of the islands in the South, there were practically no signs of the presence of the Japanese poachers, who were previously reported to have landed at Laysan Island to slaughter the birds which there annually breed.

The officers of the United States revenue cutter which returned this morning from the South, reported that everything there was lovely and that no vessels were sighted during their cruise about the bird islands.

It was sixteen days ago that the Thetis, raised her anchor at the naval row and started South in command of Captain C. S. Cochran. The officers, from reports brought to port by coasting vessels, expected to make a few captures in the neighborhood of the guano and bird islands but disappointment awaited them. As the Thetis raised the islands the horizon was clear in every direction. After a thorough observation, the Thetis sailed on to the other islands. Here also the officers failed to find any traces of recent visitors.

In order to make no mistake, Captain Cochran ordered that all the islands—Laysan, Laysan, French Frigate Shoals, Bird Island, Necker Island, Gardner Island and Pearl and Hermes Island be thoroughly investigated before returning to Honolulu. This was done but nothing outside of birds was seen.

The Thetis arrived this morning from her cruise and took her position in the naval row. She is cleaning up today, after which she will await further instructions from the department. Before going on another scouting trip. During the entire trip, the Thetis experienced fair weather.

During the cruise of the Thetis a visit was paid to Midway where a cable operator was left to take the place of the operator who recently died there.

INDICTMENTS ARE RETURNED

Grand Jury Charges Silva With Taking Coal from the Helga.

Three indictments were returned by Territorial Grand Jury yesterday at four o'clock and are returnable before Judge Cosper tomorrow morning.

The first indictment is against Manuel L. Silva who is accused of stealing thirteen tons of coal from the wreck of the Helga at Waikiki the coal being valued at \$100. Larceny in the first degree is the charge against him. George Thomas is under indictment for illicit intercourse with a girl under fourteen years of age.

So Chai Wuen, a Korean, is charged with assault with a weapon imminent to dangerous to life, the attack having been made on another Korean.

Occasionally one meets a man whose estimate of himself is so high that he ought to be made to pay taxes on it.

TOMORROW NIGHT FOR OPENING OF CONVENTION

SHINGLE FOR TREASURER; CRABBE FOR SENATE

The Republican County and District Convention will be called to order in the Orpheum Theater tomorrow evening at 7:30 o'clock, formal notice to this effect having been prepared by Clarence Crabbe, chairman of the county committee, this morning.

It was thought that the convention would convene in the morning and that nominations would be in full swing by the afternoon session, but the hour for convening is now set at 7:30.

All of the delegates from the other islands are in town and ready for the work of nominating Republican candidates for office. The problem as to who will handle the gavel in the convention is still an open question, the present trend of things appearing to favor R. W. Breckons, with W. W. Harris still a possibility. There does not appear to be any general opposition to Breckons' acting, while there is rather well-defined objection to Harris being selected for the place.

As a consequence of this condition of affairs, it seems reasonable to believe that Breckons' support-

ers will win out and land their choice in the chair.

Harris stated this morning that he is not a candidate for a place on the Board of Supervisors, that he is out for one thing only, and that is the chairmanship of the county convention. He states emphatically he is not a supervisory candidate. Clarence Crabbe is a candidate for nomination on the Republican ticket for the upper house of the Territorial Legislature, and so announced himself formally this morning. Crabbe will enter the lists with Cecil Brown, Chillingworth and John Hughes, and should be able to muster strong support in his campaign for the place.

Robert Shingle has decided definitely to be a candidate for the nomination of treasurer of the city and county and will make the run against Richard Trent, the incumbent. Shingle will undoubtedly prove a strong candidate, with every possibility of being able to beat Trent at the polls.

Many of the delegates to the county convention believe that the best way out of the difficulty presented by having the county con-

vention called before the Territorial, which opens Monday, is to permit the organization tomorrow night and then adjourn until after the Territorial convention frames the platform upon which the party will go before the voters.

Chairman Crabbe of the county committee stated this morning that this plan was favored, and said that he thought it quite probable that this idea would be put into execution.

Among the candidates for the House of Representatives from the Fourth District who have appeared on the horizon is Ed. Towse, who has asked for support as a candidate for the lower house. M. S. Deponte also publishes an announcement that he is a candidate for the House from the Fourth.

William Hoogs and Frank Kruger, who are candidates for the Board of Supervisors, have been endorsed by their precinct delegates in caucus and will go after the plum with this backing when the convention gets around to business.

In the Democratic camp it is now declared to be practically certain

'Frisco Celebrates

(Associated Press Cable.)

SAN FRANCISCO, Sept. 8.—Opening ceremonies of the three days celebration in connection with Admission Day began this morning. The event of today was the formal crowning of the carnival queen, who will preside over the gaieties that will be in full blast tonight and greet Admission Day, September 9, in a blaze of glory.

MEXICO'S CENTENNIAL TO BE OBSERVED

Next Thursday the Date When Mexicans the World Over Will Celebrate.

One week from today, September 15, will be the one hundredth anniversary of the founding of the Republic of Mexico, and all citizens of that republic in Honolulu will properly observe the day.

This observance will be carried out in whatever part of the world sons of Mexico find themselves on the day of the centennial of the birth of their present form of government, and the observance will have nothing from the grandiloquent handed down to the present people from the Spanish Dons who conquered the country a few hundred years ago.

Official notice of the observance in Honolulu has been received by Governor Frear from Consul Lanza, and the flag on the Capitol grounds will fly from the top of the staff on the anniversary day.

Help to a share in a \$10,000,000 estate in Scotland, James V. Shand, a butler in Kansas, N. Y., has announced his intention to spend \$1,000,000 in erecting a ship to sail west at cut rates for the benefit of the poor.

EXCURSIONS ARE COMING

Secretary Wood Reports on Promotion Work—Lawyer Wants Papers Served.

At a meeting of the Hawaii Promotion Committee, to be held this afternoon, the following report of progress will be submitted by Secretary Wood:

"Honolulu, Sept. 7, 1910.
"Chairman and Members, Hawaii Promotion Committee.

"Gentlemen:—The week past has been a very busy one for the office; upwards of 5000 copies of the reprint of account of the 'Flying Fish Shooting Party' were sent out. The list included everyone connected with the passenger traffic departments of the various lines of railway controlled by the New York Central Railroad Company, of which Mr. Warren J. Lynch is passenger traffic manager; also of the station agents along these roads, as well as the general passenger agents of other lines of railway. We have reason to expect much good publicity from this effort.

"Mr. Lynch was greatly pleased with his visit to Hawaii and promised upon his return home to issue a circular letter to the passenger agents of the New York Central lines, giving reasons why they should recommend travelers to visit Hawaii. The work of the committee at Atlantic City is responsible for Mr. Lynch's visit. Railway men generally are taking note of our work, there, and as it is their policy to help those who help themselves, we have reason to expect much greater interest in travel to Hawaii on the part of railway men east of the Rockies.

"The annual report of the secretary has also been sent out quite generally, and marked center of our reception and entertainment of the Pacific coast commercial delegates.

LETTER TELLS OF KILL THREE MEN TRAGEDY AT SEA IN NAVY OIL FUEL TEST

Marshal Hendry Is Asked to Keep Watch for Missing Murderer.

SLEW CAPTAIN AND THEN JUMPED OVERBOARD

Local Authorities Told of Attempt of Desperate Men to Capture Passenger Steamship.

An echo of the holdup of the steamer Buckman between Seattle and San Francisco and the killing of the captain reached Honolulu in a letter received by Marshal Hendry from Marshal Elliott in San Francisco. The letter gives the details of the holdup and the shooting of Captain Wood by the two men Frank Wood and George Wise, and puts the marshal on the lookout for Wood, the murderer who jumped overboard from the steamer and has not yet been heard from.

It is thought possible that he was picked up at sea by some passing ship as his body has never been washed ashore.

The letter from the San Francisco Marshal with the description of the wanted man follows:

San Francisco, Cal., Aug. 26, 1910.
Hon. E. H. Hendry,
U. S. Marshal,
Honolulu, T. H.

Dear Sir:—On August 21, 1910, two men named Frank Edward Wood, alias French H. West, alias Ponce West, alias Fred Thomas, and George Washington Wise, alias Alfred Wilson, under pretext to hold up the steamer "Buckman" then en route from Seattle to San Francisco. When the steamer was sailing along the coast, said to be nearly opposite the mouth of the Umpqua River, F. E. Wood jumped overboard after having shot and killed Capt. E. P. Wood in an unsuccessful attempt to rob the ship. The point where he jumped overboard is said to be some 7 miles from shore. He was probably drowned, although he may have been picked up by a passing vessel or having a life preserver on he may possibly have reached shore or his body may have washed ashore.

He was born in Chicago, Illinois; next of kin Arthur Wood, J. G. White, New York, N. Y., aged 29 years; height 5 ft. 10 in., weight 145 lbs., perhaps heavier. Eyes blue No. 4.

COPIT WILL RACE ANY LOCAL HORSE

Jerry Broderick Will Match His Champion Mare At Once.

Jerry Broderick, the veteran horse trainer and owner, today issued a challenge to any owner in the islands, and he will lay \$500 to \$100 that his mare Copit can beat any horse in the group over a three-quarter-mile distance.

According to the challenge, no horse that is at present in the islands is barred, and a match can be made by communicating with Broderick at the Territory Stables, where he can be found at any time. Copit is a three-year-old, and Broderick is content to let her carry the same weight as any horse that is put up against her, irrespective of the age allowance.

OLD POINT COMFORT, Sept. 8.—Oil fuel took its first toll of killed and injured from the ranks of the navy today.

Three coal passers were killed and seven machinists and firemen were injured in an explosion of fuel oil aboard the warship North Dakota.

The accident occurred in the course of a test of oil as a fuel for warships.

FRED GEBHARD IS DEAD

(Associated Press Cable.)
NEW YORK, Sept. 8.—Frederick Gebhard died here today.

Mr. Gebhard was a trifle over fifty years old, and had been in failing health for six months, brought on by an attack of pneumonia. A good many years ago he was the owner of a fine string of race horses and captured many American races, acquiring much wealth.

Gebhard's star commenced to set when he took up with Mrs. Langtry, the Jersey Lily, who at that time was considered the world's greatest beauty.

Gebhard and Mrs. Langtry purchased adjoining ranches in California and spent much of their time there.

Jealousy at last caused a falling out between the two after they had become the talk of two continents.

MAY FORCE PANAMA ANNEXATION.

(Associated Press Cable.)
PANAMA, Sept. 8.—Political activity in the Panama Republic is moving in a direction that foreshadows intervention by the American Government.

The Liberal party of the republic is planning to elect a candidate for President who is avowedly anti-American. American Charge de Affaires Marks stated today that if this line of political action is followed, it may become necessary for the United States Government to occupy or even to annex the republic.

PALOLO VALLEY STABBING CASE

Deadly Weapon Used on a Young Japanese Housemaid By Man.

This morning at ten minutes to seven o'clock, a hurry call was turned into the police station from Palolo Valley, where two Japanese servants of Mr. Rikout, had become mixed up in a stabbing affair. It appears that T. Hosata, a Japanese yard boy had made violent love to the housemaid, who is also a Japanese.

The girl resented Hosata's advances, and slapped the man's face; he then became very angry and, picking up a chisel, twice stabbed the girl in the chest. The wounds were more cuts than anything else, and a lot of blood was lost. Several people heard the screams of the girl and they ran to the scene of the stabbing.

Rikout, grabbing Hosata and held him till the police officer arrived at the house. The woman was ligated at the hospital, and the would-be murderer was taken to the police station. This morning Hosata appeared before Judge Andrade and was charged with using a deadly weapon. The defendant waived examination and demanded a jury trial. He was committed to the Territorial Court, presiding that the grand jury finds a true bill.
